

Chattanooga 2025 LEADERSHIP INCUBATOR

Over the course of a day and a half, participants will take part in a carefully curated experience combining leadership development modules from PSMJ, guided self-reflection, and collaborative small group work.

PSMJ coursework includes content on Project Management, Personal Productivity, Effective Communication, Team Leadership, Managing Client Relationships, and Financial Fundamentals.

Participants will leave the program with:

- A clearer understanding of their individual leadership style and personal strengths
- Practical tools to lead more effectively within project teams and firm culture
- Greater confidence to serve as active contributors to the architectural profession and local community

More than a workshop, the Leadership Incubator fosters an enduring peer network of emerging leaders committed to professional and civic growth.

COHORT: Participation is limited to 16 maximum total. Selected participants are expected to attend all scheduled sessions and complete all homework
